Subject: RE: Tour of Allied Landfill with Kzoo watershed council

Michael,

Since the Watershed Council has been somewhat supportive of our work and on-site consolidation as an option for cleanup, I will opt out of this outreach opportunity. I am interested in hearing more directly from the community members who are opposed to on-site consolidation in order to better understand their concerns. So please invite me to future opportunities to meet with that type of community stakeholder – at specific meetings or general availability sessions. Thanks.

Subject: RE: Tour of Allied Landfill with Kzoo watershed council

All,

My previous message lacked some clarity. I am looking to schedule both a tour and a meeting on Allied Landfill with the Watershed Council board. I discussed plans with Jamie from the Watershed Council and we decided that it would be better to have this first tour/meeting be with just the board. The regular meetings are open to the public and can bring in a wider range of people (i.e. members of the Kalamazoo River cleanup coalition whom we will engage with later). Once Jamie and I are able to settle on a date (based upon everyone's availability), we will figure out the exact times, though we talked about setting aside 4-5 hours for the tour and meeting. If you have not already done so, please let me know your availability for the weeks of July 15-19 and July 22-26.

Thank you,

Subject: Tour of Allied Landfill with Kzoo watershed council

All,

I am working to schedule a tour for the board of the watershed council. It looks like it they may be some time between July 22 and 26. If you are interested in participating in the tour, please let me know if you are available during that week and the prior one (if the target week does not work).

Thanks,
Michael
